

Welcome!

Tennessee Presenters is a member-based resource network created in the spirit of non-competitive cooperation and dedicated to the availability, variety, and affordability of professional touring arts and entertainment attractions presented throughout the state of Tennessee. We work to provide you with opportunities for cooperative booking, educational services, performing arts showcases, collaborative marketing and creative communication.

As a member of Tennessee Presenters, you have access to a network of experienced fellow presenters as well as an organized way to stretch your artist fee budget through cooperative booking. Through our listserve, two booking conferences each year, our website and a biannual showcase conference, you can get access to a wealth of information to solve any problem you may encounter while stretching your programming dollars.

Membership is open to presenters, artists and agents so there can be a constant dialogue which should serve to help all of us develop better programming as well as become more aware of the greater issues surrounding our organizations and relationships in this business.

We are your first resource as you continue to improve and expand your programs.

By joining, you can gain access to all of this information that can help your bottom line. From 2006 to 2016, Tennessee Presenters has enabled its members to create blocks worth savings of more than \$900,000 from the asking prices for those artists. Membership is available in one of the categories below by copying this form into your word processing software and mailing it and a check made out to *Tennessee Presenters Corporation* to:

Tennessee Presenters
PO Box 15113
Chattanooga, TN 37415
